DETAILED ACTION

Allowable Subject Matter

1. Claims 1-46 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

The prior art taken singly or in combination does not teach or suggest a data input device comprising: an optically generated image of a data input device, said image comprising at least one input zone actuable by an action performed thereon by a user; a sensor operative to sense the action performed on said at least one input zone, and to generate signals in response to said action, said sensor being a position sensing device (PSD), or an acoustic sensor, or non-visible light source sensor; and detecting light reflected from an object within silhouette of said image; and analyzing a reflection of said light to determine a spatial position of the object; a processor in communication with said sensor operative to process said signals for performing an operation associated with said at least one input zone.
